Subject: Marie Curie Alumni web-site

Dear Marie Curie researcher,

As you may already know, in 2011 the European Commission (EC) created a Marie Curie Alumni web-site (www.mariecuriealumni.eu) where researchers who benefited at any time from the Marie Curie actions can register and become members of the Marie Curie Alumni Association (MCAA) for which we have ambitious plans currently being implemented. We have contracted the work of web-site upgrading and of creation of high level professional services tailored to the needs and to the career development of members to Inovamais and Intrasoft.

We take this opportunity to introduce you to our contractors. We would be very grateful if you could help them by replying to the survey, via the link given in the e-mail containing this note.
