

EURAXESS ASEAN Flashnote

21 July 2017

40 Years of EU–ASEAN Cooperation

Eurostat is proud to present this new statistical publication to mark the 40th anniversary of the EU ASEAN Dialogue Relations. Official statistics are vital for the development of policies in areas such as trade and international relations and have been, in particular, essential for the development of the Dialogue Relations between the EU and ASEAN during the last four decades. Download the publication [here](#)

EURAXESS Country in Focus: Greece

Greece is strategically located at the crossroads of Europe, Asia, and Africa. Greece has a number of research institutions conducting cutting-edge basic research. Five of the Top-50 research organisations that receive funding through the EU's Framework Programme for Research and Innovation (Horizon 2020) are from Greece. Download the profile [here](#) and visit the website of [EURAXESS](#)

Five Ideas for Better Communicating your Science

Skills in science communication are essential to the development of any researcher's career. Being able to communicate their research effectively can help researchers write stronger research papers, secure research funding, and even find a job. In our latest EURAXESS ASEAN newsletter Dr Sanna Fowler, an expert in science communication from EPFL in Switzerland, provides some excellent advice on how to communicate science effectively. Read the article [here](#).

Indonesia: EU Scholarships Day. Manado. 12 August

Visit the EU Scholarships Info Day to get information on various European universities, study programmes and scholarships opportunities. Entrance is free and open to everyone interested in learning more about studying in Europe. The event will take place at the Auditorium of Sam Ratulangi University from 8 am to 5 pm on Saturday, 12 August 2017. Registration details [here](#)

Singapore: Latest Higher Education and Research Opportunities. 30 September.

The 11th edition of the European Higher Education Fair will take place in Singapore on 30 September. Learn about the latest European higher education and research opportunities. EURAXESS ASEAN will be speaking at the event. Please register [here](#).

United Kingdom: Training Fellowships in Public Health and Tropical Medicine for Researchers from Low and Middle Income Countries. Preliminary deadline 30 November

This scheme offers research experience and training to early-stage researchers from low- and middle-income countries. The scheme aims to support research that will improve public health and tropical medicine at a local, national and global level. More info [here](#).

United Kingdom: Newton Fund Institutional Links Programme. Thai Researchers Eligible. Deadline 19 September

 **Newton Fund** Newton Institutional Links aims to build UK-partner country research and innovation collaborations centred on shared research and innovation challenges, which have direct relevance to social welfare and economic development. Seed funding of £50,000 - £300,000 to initiate and support the joint development of research and innovation collaborations between the UK and partnering research groups or institutions. Details [here](#).

United Kingdom: Newton Fund Researcher Links Travel Grants. Researchers from Indonesia and Philippines Eligible. Deadline 19 September

 **Newton Fund** These grants provide financial support for early-career researchers to undertake an international research placement to strengthen links for future collaboration, build research capacity in developing economies, and enhance the researcher's career opportunities. Researchers that reside in the UK can apply for funding to visit a university or research institution in one of the partner countries, and those residing in one of the partner countries can apply for funding to come to the UK. Details [here](#).

United Kingdom: Newton Fund Researcher Links Workshop Grants. Researchers from the Philippines Eligible. Deadline 19 September

 **Newton Fund** Newton Researcher Links Workshops bring together early-career researchers from the UK and the Philippines to make international connections that can improve the quality of their research. Grants are available for early-career researchers in the UK and the country hosting the workshop to attend. Each proposal must have one workshop coordinator from the UK, as well as a workshop coordinator from the Philippines. Details [here](#).

Italy/Europe. 24 MSCA Post Doc Positions in Nanomedicine, Neuroscience and Robotics. ASEAN Researchers Eligible. Deadline 31 August

 Istituto Italiano di Tecnologia (IIT) is seeking for 24 research fellows to be involved in Marie Skłodowska-Curie COFUND project "MINDED" in the fields of nanomedicine, neuroscience and robotics with the aim of developing new approaches for the diagnosis, imaging and treatment of neurodevelopmental disorders. Programme starts in early 2018 and will involve 16 more institutions based in Italy, Europe, Israel and USA. Research fellows are funded by the European Commission (50%) and by the IIT (50%). Details [here](#).

United Kingdom: Post-doctoral Fellowships at the Science and Technology Facilities Council Laboratories (STFC) in the UK. Deadline: 29 September

 The Rutherford International Fellowship Programme (RIFP) is funded through the Marie Skłodowska-Curie Actions (MSCA) and is designed to attract the highest-quality researchers who can take advantage of the world-class facilities and departments within STFC. These include the ISIS neutron and muon source, the Diamond Light Source (DLS) and the Central Laser Facility (CLF); the Particle Physics, RAL Space, Scientific Computing, Accelerator and Technology Departments, as well as the UK Astronomy Technology Centre (UKATC). Details [here](#).

Switzerland - 15 PhD Positions at EASITrain Innovative Training Network (ITN). ASEAN Researchers Eligible. Deadline 02 October, 2017

 Would you like to do your PhD in a stimulating international training network? EASITrain is a 4-year Marie Skłodowska-Curie ITN project providing a training network for the career development of 15 Early Stage Researchers (ESRs) on superconducting wires, superconducting thin films, related manufacturing and processing techniques and innovative cryogenic refrigeration. Each ESR is funded by the project for 36 months and will be enrolled in a doctorate program. More info [here](#).

**ASEM-DUO Thailand Fellowship Programme. Open to University Graduates and Undergraduates.
Deadline 31 August, 2017**

The ASEAN-DUO Fellowship Programme supports the mobility of students between Thailand and 30 ASEM member states in Europe. The programme requires that a PAIR (two persons) of students be exchanged in the framework of cooperative project/ cooperation between higher education institutions in Thailand and in 30 ASEM member states in Europe. Open to both university undergraduates and graduates.Details [here](#).

Join Thousands of Fellow Researchers in the EURAXESS Network

The EURAXESS web portal makes it even easier for researchers, entrepreneurs, and businesses in Europe and ASEAN to interact with each other. The portal contains thousands of job postings as well as funding and fellowship opportunities. Find out more [here](#).
