

## EURAXESS ASEAN Flashnote

16 October 2017

### United Kingdom: Newton Fund Opportunity - Understanding of the Impacts of Hydrometeorological Hazards in Southeast Asia. Deadline (notification of intent) 4 December

Proposals are invited to five research programmes to improve understanding of the impacts of hydrometeorological hazards, such as floods, droughts, landslides and storm surges, in **Indonesia, the Philippines, Vietnam, Malaysia and Thailand**. Funding for collaborative bilateral research projects involving researchers from the UK and Indonesia, UK and Malaysia, UK and Vietnam, UK and Thailand, and the

UK and the Philippines, respectively. Up to £1.5 million is available from NERC and ESRC per Southeast Asian country for this call. More info [here](#)

### UK-Vietnam Partnerships for Infectious Disease Research. Call for Expressions of interest. Deadline 7 November

The funders wish to support biomedical research in infectious diseases of importance to the Vietnamese population, which will lead to health benefits in Vietnam, particularly for the poorest and most vulnerable in society. This call for collaborative proposals will require applicants based in Vietnam and the UK to work

together in partnership on research projects. Details [here](#)

### Spain: 61 Postdoctoral Fellowships Available in the EU supported PROBIST Programme. ASEAN Researchers Eligible. Deadline 5 November

The PROBIST Programme is supported by the European Commission through the Marie Skłodowska-Curie Actions. All together, 61 fellowships will be awarded and implemented in top research institutes in the Barcelona and Tarragona area (Spain). Details [here](#)

### Germany: Doctoral Fellowships in the A.R.T.E.S. EUmanities Programme. Deadline 3 November, 2017

The a.r.t.e.s. Graduate School for the Humanities Cologne offers scholarships for admitting doctoral students to one of the seven interdisciplinary graduate classes of the structured doctoral model "Integrated Track". The structured model of the "Integrated Track", enables doctoral students to complete a high-quality dissertation within three years in a lively interdisciplinary research environment. Details [here](#)

### Spain: Research Funding Opportunity for ASEAN Researchers in the Field of Dermatology. Deadline 31 December

R&D funding opportunity of Spanish pharma company ALMIRALL. Almirall Share is a new innovation initiative aimed at boosting collaborative research in the field of dermatology with universities, research centres, hospitals, start-ups, biotechs around the world bringing together smart minds to provide solutions for skin diseases such as psoriasis, atopic dermatitis, acne or rosacea. Funding per project from 25,000 to 100,000 euros per project. More info [here](#)

**Austria: Young Scientists Summer Programme at the International Institute for Applied Systems Analysis (IIASA). ASEAN Researchers Encouraged to Apply. Deadline 1 December.**

IIASA's annual 3- month Young Scientists Summer Programme (YSSP) in Austria offers research opportunities to talented PhD students whose interests correspond with IIASA's ongoing research on issues of global environmental, economic and social change. The programme offers a wide range of scientific events, including both social and natural sciences, often with important policy dimensions. Details [here](#)

**France: PhD Scholarships at the World-renowned Institut Pasteur. ASEAN Students Eligible. Call Now Open.**

The Institut Pasteur organizes a doctoral program for students holding a master degree or the equivalent in science, medicine and related fields. Students conduct their research in one of the 120 laboratories of the Institut Pasteur. Topics covered include Molecular and Cellular Biology, Genetics, Immunology, Microbiology, Genomics, Bioinformatics, Structural Biology, Enzymology and Metabolism, Biological Chemistry, Virology, Parasitology, Medical Mycology, Epidemiology, Infectiology, Imaging, Neurosciences, Developmental Biology and Systems Biology. Programme is conducted in English. Call now open for courses beginning in October 2018. Details [here](#)

**United Kingdom: President's PhD Scholarships at Imperial College. ASEAN Students Eligible. Call Opening Soon.**

If you are a high performing undergraduate or Master's student and have a strong desire to undertake a PhD programme at a world class research institution, you could be selected to receive full tuition fees and a generous stipend for a PhD place at Imperial College London. The President's PhD Scholarships aims to provide up to 50 research students with great potential the opportunity to work within their chosen research field with the support of an excellent supervisor. More info [here](#)

**Germany: PhD at Berlin Mathematical School. ASEAN Students Eligible. Deadline 1 December**

The Berlin Mathematical School offers a fast-track doctoral program in the rapidly developing scientific landscape of Berlin presenting an exciting variety of possibilities both for mathematical research and graduate education. As a BMS student, you will join a diverse community of fellow graduate students coming from over 50 countries around the world of which around 30% are women. Details [here](#)

**Europe (multiple locations): 8 PhD Positions in the Marie Skłodowska Curie ETN - training network "Improving Genome Editing Efficiency" (IMGENE). ASEAN Researchers Eligible. Deadline: 30 November**

The IMGENE consortium unites expert European research groups of academia and industry to address by innovative and complementary approaches the low efficiency of precise genome editing using CRISPR technology. IMGENE will establish novel tools and protocols for improved CRISPR genome editing efficiency that will be of immediate benefit for health and life science research, the pharmaceutical industry, and the application of gene therapy. Details [here](#)

**Europe:(multiple locations): 15 PhD positions in Cancer Precision Medicine. ASEAN Students Welcome to Apply.**

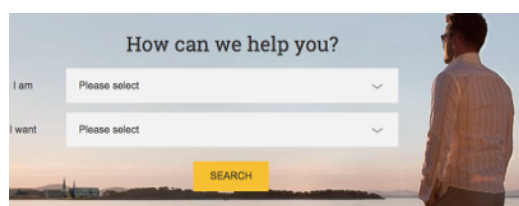

Candidates of excellence wishing to pursue a PhD degree in the field of cancer precision medicine. Students will receive training within a pan-European academic/private sector research training network, specifically focused on brain tumour research. More info [here](#)

**Europe (multiple locations): 8 full-time PhD positions on Fog Computing in the MSCA FogGuru Project. Deadline 31 December**

8 full-time PhD positions on Fog Computing are available in France, Sweden, Germany and Italy. The positions, offered within the scope of European FogGuru project, cover a wide range of topics in fog/cloud computing infrastructures, middleware and services. More info [here](#)

## Join Thousands of Fellow Researchers in the EURAXESS Network

The EURAXESS web portal makes it even easier for researchers, entrepreneurs, and businesses in Europe and ASEAN to interact with each other. The portal contains thousands of job postings as well as funding and fellowship opportunities. Find out more [here](#).
